Your choice is color.

It's all about color... and *you* have the choice!

Actually, you have over 25 color choices. This designer color application is engineered to withstand all weather conditions and maintain its vibrancy.

COLOR PLUS ADVANTAGES:

- Color application on **interior, exterior** or **both**
- Specifically formulated to coat PVC
- Excellent exterior coating with superior performance
- High abrasion and humidity resistance
- Expanded color and gloss retention
- Proven durability in all weather conditions
- No peeling, flaking or cracking
- Waterborne-environmentally friendly
- Designed to meet all international standards

“ Windows and doors
with imagination... ”
